Okushiri Island

Okushiri Island!

Esashi

Hakodate

Enjoy the slow-life “island time.”

Okushiri Island is rich in nature, and about 80% of the island is covered in greenery.

The clear sea referred to as Okushiri Blue is lined with oddly shaped rocks created over a long period of time.

This is the natural habitat where sea urchins and abalone grow up.

Why not revel along in the natural blessings of Okushiri Island?

Beach activity (crab fishing)

Crabs can be caught anywhere on the beach. On Okushiri Island, you can also catch young goby called "godanpe." Break the shells with a stone and use the meat as bait for godanpe fishing!

I caught a crab!

Such a starry sky cannot be seen from the city.

Starry sky watching

Islanders recommend places like Mt. Tamashima, Sainokawara and West Coast for star watching. A beautiful starry sky can also be seen from the Okushiri Port Ferry Terminal.

Fun Activities to Enjoy on Okushiri Island

Surfing

The spot recommended by island surfers is Matsue (p. 10), which is known for a reef point where you can enjoy fun waves when there is a southwestern swell. You can enjoy both shortboard and longboard surfing.

*Surfboard rentals are not available on Okushiri Island, so please bring your own surfboard.

Sea kayaking

You can also enjoy sea kayaking on the brilliant Okushiri Blue sea.

Okushiri Moonlight Marathon

June

An unusual marathon that takes place from dusk to darkness. Abalone and other delicacies of the island can also be enjoyed. Many runners repeatedly participate in this marathon to hear the warm cheers of islanders from the roadside and squid fishing boats.

Nabetsuru Festival

Late August

Named after Nabetsuru Rock, the tourist symbol of Okushiri Island, this most spectacular event on the island is held in Okushiri Port. The festival has many participatory events, and also provides an opportunity to eat juicy Okushiri "Wagyu" Japanese beef with its fine and moist texture.

Murotsu Festival

Mid-July

This Festival is held inside Aonae Fishing Port to pray for the safety of fishing trips and a large catch. A variety of activities take place, including Uminosachi Ajizanmai, an opportunity to enjoy seafood BBQ.

To Enjoy More of Okushiri Island Events & Food

Okushiri Wine

Valuable wine made by the first island winery in Japan. The taste reminds one of the sea of Okushiri, which is rich in natural minerals. Sweets such as ice cream and crema catalana are also made of Okushiri wine.

Sakuragai (shellfish)

(season: Jun. - Jul.)

The pink meat of the sakuragai features a moderately firm texture and a sweet taste. It is commonly known as *aoayagi*.

Sea urchin (season: Jul. = mid-Aug.)

Okushiri Island sea urchin is characterized by a slightly salty taste yet rich sweetness.

Hi Sherbet

Every islander is familiar with this old-fashioned strawberry-flavored sherbet with a modest sweetness and a refreshing aftertaste. The package features an illustration of Nabetsuru Rock and Unimaru (Okushiri's mascot character).

9 Sakuragisen town road

(7 km/approx. 10 min.)

In spring, cherry blossoms bloom along the Sakuragisen town road to Mt. Tamashima. It is also very pleasant to ride the distance with a motorbike.

11 Yamasedomari Bathing Beach

10 Miyatsu Bentengu Shrine

(5 km/approx. 7 min.)

Miyatsu Bentengu Shrine is located on a steep hill. Originally, there was a "bansho" that was the base of Okushiri Island, and then islanders built a shrine at the end of the Edo era to pray for a large catch. There are 164 steps to the shrine. You can see the mainland of Hokkaido on the opposite shore.

11 Yamasedomari Bathing Beach

(4 km/approx. 6 min.)

There are changing rooms, showers, toilets, and a kitchen, so you can enjoy swimming and camping. Okushiri Island has many pebbly and gravelly beaches, but only sandy Yamasedomari Beach is suitable for sea bathing.

The Yamasedomari community center marks the entrance to the beach.

Calanthe Okushiri

Okushiri ebine (Calanthe puberula)

Ship data

Total length	87.00 m	Passenger capacity	460 people
Width	15.00 m	Load capacity	18 eight-ton trucks
Depth	5.00 m		48 passenger cars
Sea speed	17.5 knots	Service commencement	May 2017
Gross tonnage	3,631 tons		

Okushiri ebine is a pretty light purple flower that blooms on Okushiri Island. It is a plant of the orchid family that is registered in the Red List and means "honesty" in flower language. The ship named after the flower's scientific name, "Calanthe," is the second vessel following Cypria Soya. Calanthe is derived from Greek words; *calos* means "beautiful" and *anthos* means "flower." Calanthe Okushiri, which serves you honestly and safely, welcomes you to beautiful Okushiri Island where this rare flower blooms.
